ENID- The Bank of America Foundation, Inc. announced a grant to Community Development Support Association (CDSA), in the amount of \$20,000.00. This grant is to be used to support self-sufficiency programs offered by CDSA.

“Providing support to organizations like CDSA which provide opportunity and improve the quality of life in our communities, is key to our strategy to build capacities that truly make a difference,” said foundation representative Anne Smith.

Pam McCoy with Enid Bank of America was instrumental in informing the foundation about community needs. “The Bank of America has been extremely supportive of our efforts to help children and families reach their full potential,” said Cheri Ezzell, CDSA executive director.
